TreeTop Global Opportunities

A sub-fund of TreeTop Global SICAV Class A EUR ISIN: LU0338386468

Managed by TreeTop Asset Management S.A.

Objectives and Investment Policy

Objective The sub-fund aims to increase the value of your investment over the long term.

Portfolio securities Under normal market conditions, the sub-fund invests mainly in shares from issuers anywhere in the world, including in emerging markets. The sub-fund also invests in other types of financial instruments, consistent with its objective. The sub-fund may use derivatives for investment purposes or to reduce investment risks (hedging).

Investment process Fundamental to the fund manager's approach is the belief that companies with accelerating earnings growth will deliver the best absolute returns. This points the sub-fund towards those areas experiencing high growth, or where growth is re-accelerating. The sub-fund aims to invest in about 50 to 70 companies diversified in terms of economic sectors and geographical areas. The majority of the sub-fund's exposure to foreign exchange risk is hedged back into the reference currency of the share class.

The MSCI All Country World index provides a reference of the investment universe of the fund manager. It is provided for information purpose only as indeed the sub-fund is managed on a discretionary basis and its portfolio will show a significant departure from the index.

Recommended holding period The sub-fund may not be appropriate for investors who plan to withdraw their money within 6 years.

This share class does not distribute dividends (meaning that any income earned by the sub-fund is added to the share price).

You can place orders to buy or sell shares of the sub-fund daily.
