Candriam SRI Equity World, a sub-fund of the SICAV Candriam SRI

Class C - Capitalisation shares: LU1434527435

Competent authority: CSSF (Commission de Surveillance du Secteur Financier)

Management company: Candriam Luxembourg

OBJECTIVES AND INVESTMENT POLICY

Principal assets traded:

Shares of companies with their registered office and/or their principal activities worldwide.

Investment strategy:

The fund seeks to achieve capital growth by investing in the principal assets traded over the recommended investment period.

Within the limits of the fund's objective and investment policy, the management team makes investment choices based on environmental, social and governance (ESG) criteria via an analysis developed by the Management Company.

This consists in selecting companies which:

- are best positioned to address the sustainable development challenges and to manage stakeholder's issues specific to their sector using a "best-in-class" approach;
- comply with the principles of the United Nations Global Compact covering human and labour rights, environment and anti-corruption.

In addition, some companies are excluded on the basis of an analysis of their exposure to controversial activities/sectors (for example tobacco, adult content and armaments - the sub-fund will not invest in securities of a company that manufactures, uses or possesses anti-personnel mines, cluster bombs, chemical, biological and nuclear weapons...).

This analysis and selection process is accompanied by active shareholder involvement (e.g. dialogue with companies, voting at general meetings,...).

For further information, please refer to the Management Company's website and/or the annual report.

The fund may use derivative products both for investment and hedging purposes (hedging against unfavourable future financial events).

Redemption of shares: On request, every day, in Luxembourg.

Allocation of income: Reinvestment.

Recommendation: This fund may not be suitable for investors who plan to withdraw their capital within 6 years.
