

Key Investor Information

This document provides you with key investor information about this sub-fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this sub-fund. You are advised to read it so you can make an informed decision about whether to invest.

Carmignac Portfolio Grande Europe

Unit A EUR Acc (ISIN: LU0099161993)
a sub-fund of the Carmignac Portfolio SICAV

**Carmignac Gestion Luxembourg is the management company of this UCITS.
(Carmignac Group)**

Objectives and investment policy

The key features of the sub-fund are as follows:

- The sub-fund aims to outperform its reference indicator over a period exceeding five years and generate long-term capital growth.
- The reference indicator is the Stoxx 600 NR (EUR) index.
- The sub-fund is a European equity sub-fund invested mainly in equities of EU Member States and, within the limit of 10%, in equities of non-EU countries or candidates for accession as well as Turkey and Russia. The assets which are not invested in equities of the countries specified above shall be preferably but not automatically invested in international transferable securities.
- The manager may use Relative Value strategies as performance drivers, looking to take advantage of the relative value between different instruments. Short positions may also be taken through derivatives.
- Additional financial analysis such as Environmental, Social and Governance criteria are also implemented in the Sub-Fund to contribute to stock selection decision.
- The sub-fund invests, on an ancillary basis, in money market instruments, treasury bills, fixed and/or floating rate bonds, government and/or corporate bonds and inflation-linked Eurozone and/or international bonds.

This indicator represents the annual historical volatility of the sub-fund over a 5-year period. Its aim is to help investors understand the uncertainty attached to gains and losses that may have an impact on their investment.

- Historical data used to calculate this indicator may not be a reliable indication of the future risk profile of the sub-fund.
- The risk category of this sub-fund is not guaranteed and may change over time.
- Category 1 does not mean the investment is risk-free.
- This sub-fund is placed in category 5 owing to its exposure to the equity markets.
- The sub-fund's capital is not guaranteed.

Other information:

- The sub-fund uses derivatives for hedging or arbitrage purposes, or to expose the portfolio to the following risks (directly or via indices): currencies, bonds, equities (all categories of capitalisation), ETFs, dividends, volatility, variance (the latter two categories for up to 10% of net assets) and commodities. The derivatives available are options (vanilla, barrier, binary), futures and forwards, swaps (including performance) and CFDs (contracts for difference) on one or more underlyings.
- Up to 10 % of the net assets may be invested in contingent convertible bonds ("CoCos"). CoCos are regulated subordinated debt instruments that are complex, but consistent in nature. Please refer to the prospectus for more information.
- The sub-fund may invest up to 10% of its net assets in units or shares of UCIs.
- This sub-fund may not be suitable for investors planning to withdraw their investment within five years.
- Investments may be redeemed each business day on request. Subscription and redemption requests are centralised on each NAV calculation and publication day before 18:00 CET/CEST and are executed on the next business day using the previous day's NAV.
- This unit is an accumulation unit.

Risks to which the sub-fund may be exposed and which could lead to a fall in the net asset value to which the indicator gives too little consideration:

- Counterparty risk: the sub-fund may suffer losses if a counterparty defaults and is unable to meet its contractual obligations, especially in the case of derivatives traded OTC.
- For more information on risks, please refer to the prospectus of the sub-fund.

Charges

The charges paid are used to cover the costs of running the sub-fund, including the costs of marketing and distributing units. These charges reduce the potential growth of the investment.

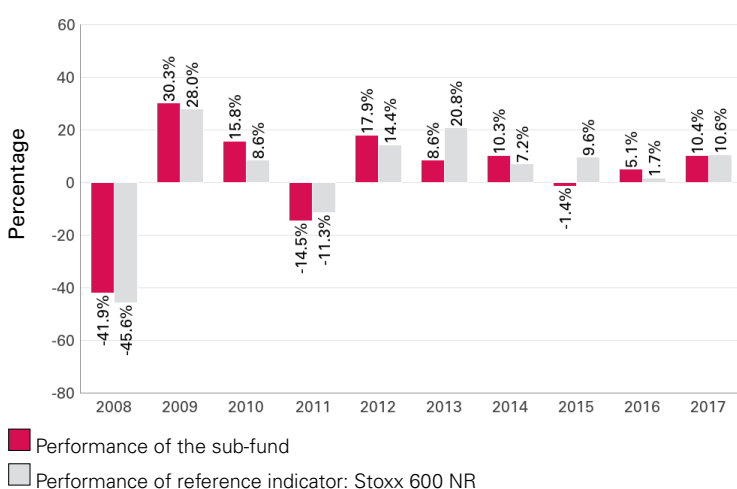

| | |
|---|-------|
| One-off charges taken before or after you invest | |
| Entry charge | 4.00% |
| Exit charge | 0.00% |
| Conversion fees | 1.00% |
| This is the maximum that might be taken out of your money before it is invested / before the proceeds of your investment are paid out. | |
| Charges taken from the fund over a year | |
| Ongoing charges | 1.80% |
| Charges taken from the fund under certain specific conditions | |
| Performance fee | |
| 20.00% of the outperformance if the performance is positive and exceeds that of the reference indicator (Stoxx 600 NR) since the beginning of the year. Performance fee invoiced for the last financial year: 0.13% | |

Entry, exit and conversion charges shown are the maximum applicable and are paid to the distributor. Lower fees may apply in some cases; contact your financial advisor or distributor to find out the actual amount.

Ongoing charges are based on the expenses for the last financial year ended 31 December 2017. They may vary from year to year and do not include performance fees or transaction costs (except in the case of entry/exit charges paid by the sub-fund when buying or selling units of another collective investment vehicle).

For more information on fees, charges and performance fee calculation methods, please refer to the "Fees and expenses" section of the prospectus, available on the website: www.carmignac.com

Past performance

- Past performance is not a reliable indication of future results.
- Charges are included in the performances shown.
- This unit was created in 1999.
- Performances shown are calculated in EUR.
- Until 31/12/2012, the reference indicators' equity indices were calculated ex-dividend. Since 01/01/2013, they have been calculated with net dividends reinvested and their performances have been presented using the chaining method.
- The sub-fund investment policy is not benchmarked, the index provided is a reference indicator.
